## About Us

We are, REPUBLIC INDUSTRIAL & TECHNICAL SERVICES a noted organization engaged in Manufacturing, Supplying, Exporting and Trading in an extensive array of parts & components of Locomotive industry only. Our range includes Locomotive Gaskets, Locomotive Flanges, Locomotive Precision Turned Components, Locomotive Steel-Metal Spares Parts, Locomotive Gasket Sprial Wound, Industrial Locomotives, Locomotive Components, Locomotive Gasket Asbestos. The organization is backed by more than two decades of domain expertise and thus also excels in offering a peerless range all over the world. We offer plethora of products to meet the exact needs of our clients, our range includes Locomotive Precision Turned Components, Locomotive Steel-Metal Spares Parts, Locomotive Gasket Sprial Wound, Industrial Locomotives, Locomotive Components, Locomotive Gasket Asbestos, Locomotive Pipe Flanges, Locomotive Metal Flanges, etc.

Our organization has been relentlessly exceeding our patron's expectations and has gardened a wide-spread clientele encompassing giants like Indian railway, Vietnam Railways, Myanmar Railways and many more. All of the products that we manufacture are found to be in full conformance for meeting the stipulated OEM specifications. Being backed by a fleet of highly dexterous professionals, we are also able to render maintenance services. Our organization is known for international quality standards and thus all of our product range has been awarded with the prestigious ISO 9001:2008 certification. We procure all of our raw materials like stainless steel, oils, rods, iron and graph oil from a few leading vendors of the domain, who assure us that all these materials are first treated with proper chemicals and then are offered to us. We are having In-House facilities for Overhauling. Our premium quality component range has enabled us to cater to the varying needs of Indian railway, Myanmar Railways, Vietnam Railways and others. All our components meet the OEM specifications and are available with certificates of conformance.

## Key Facts

<b>No of Staff</b>	23
<b>Year of Establishment</b>	1999
<b>No of Production Lines</b>	2
<b>OEM Service Provided</b>	No
<b>Memberships</b>	FIEO, EEPC'

**Our Products**

**Precision Turned Parts**

**Locomotive Water Pump Shaft**

**Locomotive Thrust Bearing**

**Locomotive Parts**

**Locomotive Outlet Pipe**

**Locomotive Connecting Rod Bolt**

**Locomotive Black Sleeve**

**Precision Turned Components**

**Alco Locomotive Components**

**Locomotive Branch Pipe**

**Locomotive Crown**
