## About Us

Alfanio India Private Limited boasts a track record of providing the latest designs in Concrete Pumps, Concrete Mixer, Concrete Pump Spare Parts and Concrete Mixer Spare Parts. Having an experience of over three years in construction and infrastructure development, we are poised to please both Indian and international customers through our superior product quality. Our journey from humble beginnings as a manufacturer to our current global presence as an exporter is a testament to our commitment to product quality and service excellence. We currently fabricate both standard and custom designed pumps and spares that are renowned for their durability, reliability, and high performance, making them ideal options for buyers worldwide. We can offer products for small to medium-sized projects, all at fair prices and in bulk amount, if required.

We, Alfanio India Private Limited, always ensure precision and consistency in every product we offer, including Twin Shaft Concrete Mixer, ATM Series Twin Shaft Concrete Mixer, Concrete Pumps, Hydraulic Cylinder, High Pressure Automatic Lubrication System, and allied products.

We have state-of-the-art production units (two) where we practice innovative manufacturing techniques to bring forth uniquely designed, low cost and functionally unmatched pumps and spare parts. In a short time, we have become a pioneering force in the industry by meeting the diverse demands of various sectors, which has been possible through our well-managed product design and storage setup in Pune, Maharashtra, India. Our storehouse is strategically located near major transportation hubs, ensuring that pumps and all other products arrive in optimal conditions across key delivery locations of the world.

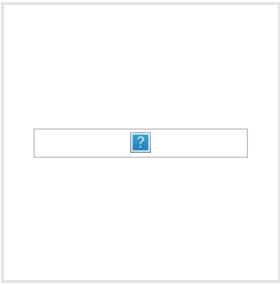

**Key Facts**

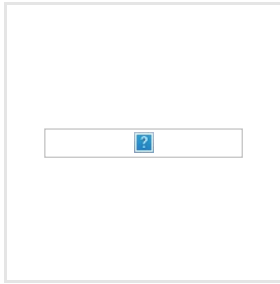

<b>No of Staff</b>	30
<b>Year of Establishment</b>	2020
<b>No of Production Lines</b>	2
<b>OEM Service Provided</b>	Yes
<b>Monthly Production Capacity</b>	100

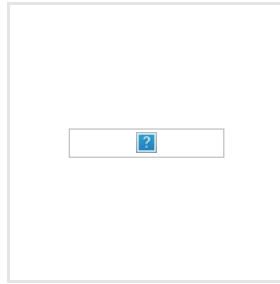

**Our Products**

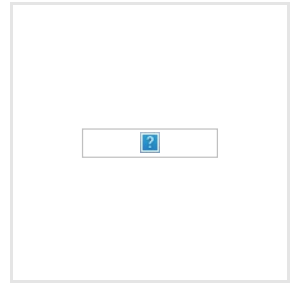

**Main Hydraulic Pump**

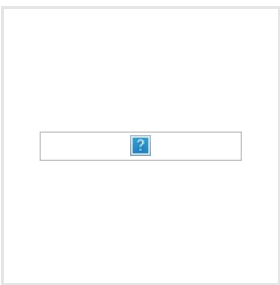

**Hydraulic Oil Filters**

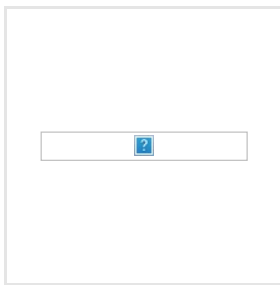

**Ng6 POH Valve**

**Suction Filter**

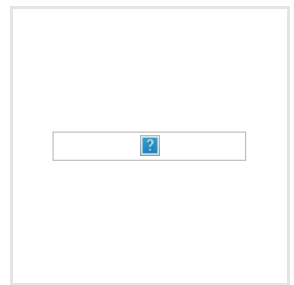

**Hydraulic Oil Cooler**

**Ng25 Main DC Valve**

**S Pipe Shaft Bearing**

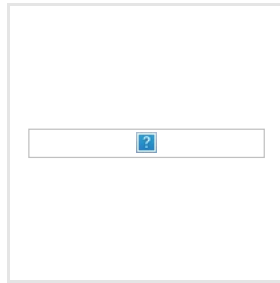

**Intermediate Rings**

**Discharge Support Assembly**

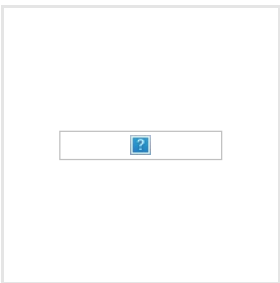

**S Valve Assembly**

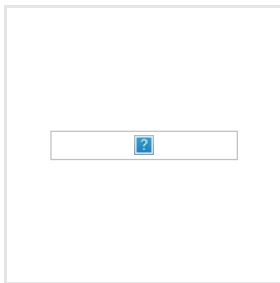

**Hydraulic Control Block**

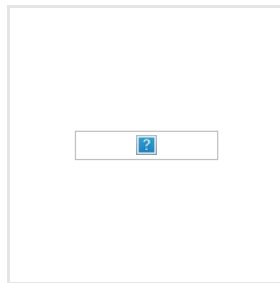

**APM Series Planetary Concrete Mixer**

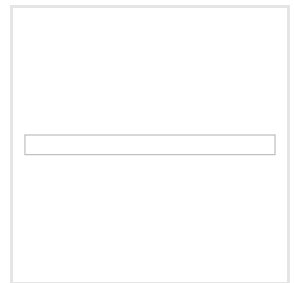

**Hydraulic Motor**

**Hydraulic Cylinder**

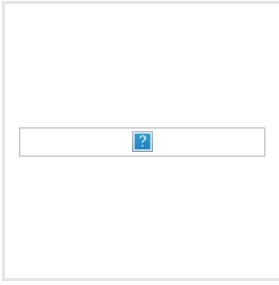

**Agitator Shaft**

**Concrete Pump Electric Control Panel**
