Manufacturing Excellence for the Nation's Most Critical Missions

At the heart of our capabilities is a **state-of-the-art manufacturing division** dedicated to designing and building specialized Fire, Emergency, and Special Purpose Vehicles.

As both an OEM and OBM, we possess end-to-end control over quality, end-to-end control over quality, innovation, and customization, ensuring every vehicle is purpose-built to meet the exacting standards of our clients.

Trusted at the Final Frontier: Engineering for India's Space Program

Client: ISRO (Indian Space Research Organisation)

Crash Fire Tender

Delivered to: Shriharikota (Space shuttle launching Site of India)

- 5000 LTR WATER | 2000 LTR FOAM
- 4000 LPM Mid Ship PUMP
- Remote Monitor on Roof & Bumper

Multi Purpose Fire Tender

Delivered to: ISRO, Kerala

- 6000 LTR WATER | 4000 LTR FOAM
- 6000 LPM PUMP
- ROOF AND BUMPER TURRET MONITORS

Safeguarding High-Stakes Industrial & Chemical Operations

Client: UPL, Limited (Chemicals)

Multi Purpose Fire Tender

6000 LTR WATER | 2000 LTR
FOAM | 1000 KG DCP | 6000
LPM PUMP

Client: Economic Explosive Limited
(Explosives)

Water Tender

8000 LTR WATER | 4000 LPM
PUMP | Premium Accessories

Client: Aarti Industries Limited
(Chemicals)

Foam Fire Tender

4000 LTR WATER | 2000 LTR
FOAM | 4000 LPM PUMP |
REMOTE Monitor on ROOF

Protecting the Engines of National Industry

Client: Maruti Suzuki
(Automotive)

Mini DCP Fire Tender

250 KG DCP | 30 MTR HOSE REEL |
9 NOS. EXTINGUISHERS | EASY
OPERATION PROCESS

Client: Aditya Birla - Grasim
(Conglomerate)

Rescue Tender

Equipped with Rescue equipment |
Enabled Chemical Transfer Pump

Client: JSW BSPL (Steel)

Display Fire Vehicle

RESCUE EQUIPED | Confined Space
Entry Mannequins | Fire Suit

Empowering Civic Authorities & Industrial Development Zones

GIDC VAPI NOTIFIED AREA (Gujarat Industrial Development Corporation)

Water Bowser for Fire Fighting

12000 LTR WATER | 4000 LPM PUMP | Remote Operated Monitor | Light mast

Advanced Fire Tender

2000 LTR WATER | 500 LTR FOAM | 2000 LPM PUMP | RESCUE EQUIPED

Santrampur Nagarparishad (Municipality)

Mini Water Tender

Water tank 2500 Ltrs | Godiva make Pump | Akron make Monitor

Securing National Gateways with Specialized Airport Solutions

Client: Cochin International Airport
Vehicle: Airfield Emergency Support Vehicle
Specs: Ultra High Pressure Mist Pump | Equipped with Rescue Equipment | Water (500 Lit.) & Foam (50 Lit.) Tank

Designed for rapid response and support in critical airfield incidents.

Client: Vishakhapattanam Airport
Vehicle: Mobile Conference Van
Specs: Equipped with Advanced IT Solution | Thermal and PTZ camera | Elegant Interior

A mobile command center enabling on-site strategic coordination during emergencies.

Custom-Engineered Vehicles for Every Specialized Need

HAZMAT VAN

Client: DCM SHRIRAM

Equipped with Chemical Transfer Pump
| 2 Ton Capacity Winch | Light Mast

Equipment Van

Client: HMEL

Maximum Storage capacity | Optimized
use of space | RESCUE EQUIPED

Water Bowser for Horticulture

Client: TRL Krosaki

10,000 Lit. Water Tank | 30 MTR HOSE
REEL | Jet and Fog Monitor

Innovation in Action: The INDUS RHINO Rapid Response Platform

The Indus Rhino is our proprietary line of agile, high-performance vehicles, engineered for rapid intervention in diverse and challenging terrains.

INDUS RHINO

UHP SYSTEM | 1850 LPM MONITOR |
BUMPER WINCH

INDUS RHINO 2.0

UHP SYSTEM | 1850 LPM MONITOR |
MORE ENCLOSED SPACE | BUMPER
WINCH

INDUS RHINO PRO

Client: GIDC VAPI NOTIFIED AREA
