Colouring Expertise Since 1994

Shramik Chemicals is a privately held company, dedicated to the production and global export of dyes, **founded in 1994**. Our sustained growth and industry standing have been rooted in our unwavering commitment to excellence, sustainability, safety, and cost-effectiveness in manufacturing.

Our core principles revolve around the steadfast delivery of high-quality dyestuffs, ensuring they are produced sustainably to meet evolving market demands, all while maintaining competitive pricing structures. These principles underscore our ongoing success and reputation in the industry.

Infrastructure

We have two **state-of-the-art manufacturing facilities** spread across 20,000 square feet having a production capacity of 7000MT/Year of dyes.

We have all the latest technologies and world-class engineered machinery.

We have a dedicated packaging area of 4000 square feet for packing and handling powder and liquid dyes.
