About Us

Electric scooters have emerged as a popular mode of transportation as they are revolutionising the way people commute. Powered by electric motors and rechargeable batteries, these scooters offer an eco-friendly alternative and are contributing significantly to reducing carbon emissions. Fidus Electric Vehicles Pvt Ltd has brought forward a wide range of electric scooters to make commuting faster, greener, and more fun. We are a notable manufacturer and supplier of the market, offering a perfect blend of style, convenience, and eco-friendliness. Our mission is to contribute to a greener future by providing creative, accessible, and reliable electric mobility solutions.

Fidus Electric Vehicles Pvt. Ltd., established in 2022 in the vibrant city of Alwar, Rajasthan, is a forward-thinking company committed to revolutionising personal transportation through innovative electric scooters. As a manufacturer and supplier, we are offering a wide range of scooters in different colours, battery power backups, and other features. We are committed to producing high-quality, eco-friendly, and affordable electric scooters that cater to the modern commuter's needs.
