## About Us

Nay Polymers is a long-established company dealing in PTFE Products as well as Lining and Coating Services since 1997. Throughout the years, we, as a progressive manufacturer have enhanced our production capabilities to offer our buyers PTFE Moulded Part, PTFE High Pressure Bellow, PTFE Coating Pipe Line and more at prices, affordable to every client. We have also strengthened our stance as a service provider of services like PTFE Lining Services on Valve, Halar Coating Services and others. Our products and services are of top-quality and are assured to be in accordance with the highest industry specifications. Production process takes place under the observation of adept personnel who remain on their toes, at all times, to deliver outstanding products to customers in terms of reliability and value.

Nay Polymers has gained a substantial share in the market as a PTFE products manufacturer from Vapi, Gujarat. Since 1997, we have been growing and making our presence visible in various markets nationwide with our quality products and services. Ranging from PTFE Coating Compressor Part, PTFE Moulded Part to Lining and Coating Services, we are experts in providing all to our customers at prices unmatched in the industry. Whether client wants products in small or bulk quantity, we meet their requirements while keeping quality intact. Quality is not compromised at any cost and it has earned us remarkable accolades from clients in fertilizer, cement, paper mill, and more industries.
