

INDUSTRIAL CHEMICALS

We Deliver, What We Promise.

20 kg Calcium Cyanamide, 20kg Anthraquinone Chemical, 25 kg Potassium Chloride, 25 kg Sodium Acetate Anhydrous, 25 kg Sodium Bicarbonate, 25 kg Zinc Oxide Powder, 40% and 99% 2 Bromo 2 Nitro 1 3 Propanediol Powder, Active Zinc Oxide, Aerosil 200 Chemical, Ammonium Bi Carbonate Powder, Ammonium Sulphate, Ascorbic Acid Powder, B101 Anatase Grade Titanium Dioxide, Benzoic Acid, Blue Copper Sulphate, etc.

20KG ANTHRAQUINONE CHEMICAL

SILICONE DEFOAMER LIQUID

B101 ANATASE GRADE TITANIUM DIOXIDE

About Us

From formulating lifesaving drugs to transforming sectors like construction, energy and agriculture, chemicals play many roles which are crucial for the progress of the society. We are PY Chemical Industries, and as suggested by our name, are a chemical wholesaler and supplier offering suitable products for a wide range of applications. Keeping an eye on safety and sustainability, we offer a range of Industrial Chemicals, Specialty Chemicals, Pharmaceutical Chemicals, Water Treatment Chemicals, Construction Chemicals, etc. Today, we play a great role in the broader chemical supply chain, facilitating the efficient sourcing, packaging and distribution of chemical products to end-users who approach us from diverse sectors.

We take note of market dynamics, industry structure, regulatory considerations, and future trends before we establish partnerships with leading chemical producers from India. Our shortlisted partners all have a thorough understanding of the chemicals manufacturing, wholesaling and supply sector, and timely provide us with products that we further forward to our clients across pharmaceuticals, agriculture, automotive, electronics, and other sectors at the best possible prices.

We work with the mission of optimizing inventory management, and improving service delivery of our range of Industrial Chemicals, Specialty Chemicals, Pharmaceutical Chemicals, Water Treatment Chemicals, Construction Chemicals, etc. Our vision is to give tough competition to a wide range of market players, from small regional distributors to multinational corporations through our business ethics, networking, pricing strategy, punctuality and service standards.

Key Facts

No of Staff	10
Year of Establishment	2021
OEM Service Provided	No

Our Products

Monosodium Glutamate

R2195 Titanium Dioxide Rutile Dawn

Zinc Chromate Powder

Zeolite Powder

Hydrochloric Acid

Phosphorus Oxchloride Chemical

Calcium Lignosulfonate Powder

Glycine Chemical

Para Sulfonic Acid

Valeronitrile Solution

20 Kg Calcium Cyanamide

Zeolite Powder

Liquid Styrene Monomer

Calcium Propionate Chemical

Magnesium Sulphate

RC 822 Titanium Dioxide Rutile Kmml

ADDRESS

**Second Floor, Plot No. 209 Shop
