About Us

Multitech Products Private Limited is the one stop destination where the buyers will get a huge variety of products which are used for securing cargo during transporting, shifting and storage. Established in the year 2003, our company holds expertise in manufacturing superior quality Clay Desiccant Silica Gel, Industrial Lashing Belt, Lashing Ratchet, Forged Buckle, Paper Angle Board, etc. As an ISO 9001:2015 certified corporation, we make sure that high standards of quality are maintained in the whole product line. In compliance with the global standards, the products are designed & developed with the help of high-grade raw materials.

Further, our team members make use of the latest technologies and advanced machinery to produce goods as per the expectations of the customers. With our two decades of experience in this industry, we have achieved a prominent reputation as a manufacturer, exporter and supplier in the global marketplace. We are blessed to have the most talented and knowledgeable professionals in our team who perform their functions excellently. Due to their extreme efforts and dedication, we are able to achieve the organizational goals within the committed time frame. Our team members are selected very carefully by the management on the basis of their skills, qualification, knowledge and experience.
