About Us

Established in 2009 in Jaipur, Rajasthan, Deepar Pharmaceuticals Private Limited is a reputed manufacturer, trader, and supplier engaged in delivering a wide range of healthcare products. Our portfolio includes pharmaceutical tablets & capsules, pharmaceutical syrup, pharmaceutical injections, in bulk from us for the best quality products and service. We are supported by an adroit team of professionals who stay updated with the latest manufacturing techniques and designs, ensuring continuous innovation in our products. To maintain quality consistency, we operate a dedicated quality control unit where every product is rigorously inspected on defined parameters such as composition, safety, and effectiveness. All our production units are equipped with modern tools, machines, and technology to manufacture high quality and reliable pharmaceutical solutions.

Guided by the valuable mentorship of Mr. Sanjay Bansal, we have achieved notable growth and recognition in the pharmaceutical industry. His extensive experience and leadership have enabled us to understand market demands and deliver products that meet customer expectations. With a commitment to excellence, integrity, and affordable healthcare, we continue to expand its presence across the nation, striving to improve quality of life through trusted and innovative products.
