

INDUSTRIAL WELDING EQUIPMENTS

Skillful execution and intelligent direction,
are the two reasons of our success.

Type A Electrode Holder & Type B Electrode Holder

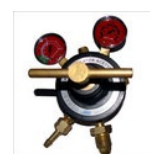

100-D-OX Medical Gas Pressure Regulators, 1000ml Vacuum Jar, 120 D LPG Gas Pressure Regulators, 2 HP Welding Blow Pipe, 2000 ml Ward Vacuum Jar, 26V Tig Torch Blow Pipes, 29 LW LPG Gas Pressure Regulators, 4 Gas Line Pressure Alarm, etc.

BPC FLOWMETER

FLOW METER

DURA ACETYLENE REGULATOR

About Us

Since the year 2000, we, Hindmedico Product Private Limited have been making available the best range of industrial equipment. Our product line consists of Flow Meter, Welding Torch Blow Pipes, A Type Cutting Nozzles, Brass Flash Back Arrestor, etc. These creations are used in different verticals like oil, mining, steel pharmaceutical, welding, railways and many others. We are an ISO 9001:2000 certified manufacturer and our items are made in compliance with the standards of CE and ISI. The items offered by our company are preferred owing to their high performance, long service life and accurate results. We have established a smart infrastructure that has been the reason behind our strong position in markets. Our premises consists of several departments like engineering, quality monitoring, warehousing and R&D. All of these are supervised by diligent experts who ensure hassle-free functioning of their respective areas. In our company, we have hired highly passionate workers after assessing their skills and knowledge. They have been segmented into different teams and instructed to work in close coordination with each other. From operation of a huge supply chain with perfection to ensuring swift shipment of consignments, they complete every assigned job with focus. Because of their efficiency, we have been able to keep every promise made to customers.

The range we offer is highly preferred owing to the features such as corrosion resistant body and dimensional accuracy. In addition to this, our products such as A Type Cutting Nozzles, Brass Flash Back Arrestor, etc. are very easy to operate as well as exhibit incomparably high performance. We use the latest world-class technology for manufacturing equipment. At our production unit, there have been high-end machines installed that allow us to create matchless offerings in heavy quantity.

Key Facts

No of Staff	20
Year of Establishment	2000
OEM Service Provided	Yes
Monthly Production Capacity	1

Our Products

Hind Cutter Machine

Portable Gas Cutting Machines

Tigress Mild Steel Cutting Machine

Panel Board

Cutting Nozzels

Oxygen Self Sealing

Gouging Torches

IMC 3 Cutters

Water Cooled Torch

Flash Back Arrestors

Type A Electrode Holder

Carbon Dioxide Heater

Type B Electrode Holder

Quick Coupling

Gas Cooled Welding Torch

Dura Oxygen Cylinder
