About Us

Pashupati Ecotex LLP is a trusted name in the recycled plastics and sustainable raw materials industry. Established in 2005 in New Delhi, Delhi, we are a leading Exporter, Trader and Supplier, delivering high-quality PET flakes, RPET materials, recycled polymers and plastic waste solutions to clients across global markets. Our business is built on a strong foundation of reliability, consistent supply and a commitment to environmental responsibility. We offer a comprehensive range of recyclable and reprocessed materials such as Pet Flakes, Green RPET Flakes, Pet Popcorn, Waste Pet Bottles Bails and PP Granules. Our products are used widely in textiles, packaging, manufacturing, fibre production and various industrial applications. Each material is sourced, processed and supplied with a strong focus on purity, uniformity and performance to meet the evolving demands of modern manufacturing industries.

Quality assurance is central to our operations. Every product goes through strict sorting, cleaning and processing stages to maintain high-grade output suitable for export and large-scale industrial use. We work with standardized procedures that ensure consistency in colour, size and composition. Our sustainable recycling practices help reduce waste, conserve resources and support eco-friendly production cycles, enabling our clients to meet their environmental objectives without compromising on quality. With years of industry experience and a robust supply network, we ensure timely delivery, competitive pricing and dependable logistic support for domestic and international clients. Our customer-centric approach is reflected in transparent communication, professional handling of orders and a commitment to maintaining long-term business relationships. Whether supplying bulk quantities or fulfilling specific material requirements, we focus on seamless coordination and consistent service excellence.
