About Us

Established in 2008, Mahi Auto Works has become a reliable and reputed name in the car automotive parts industry in India. We are a prominent trader, supplier, and retailer, delivering with the best in class automobile parts such as All Luxury Cars Engine, Audi A4 A6Q5 Steering Rack, Audi A8 Meter, Audi Air Suspension Control Module, Audi Q7 ABS Pump, and many more. We cater to the exact requirements of the automotive industry with high-quality parts and house a seasoned team of engineers and technicians to provide our clients with innovative and cost-efficient products that perfectly match their requirements.

We are committed to delivering world-class products with high durability, perfect finishing and zero defects. All our products are sourced from the authorized vendors of the market, who make use of excellent quality materials to manufacture the product range. For storing these products, we have constituted a capacious warehouse at our base. The unit is spread over a vast area, due to which, we are able to keep the sourced products, categorically as this makes identification of goods easy at the time of final dispatch. Our warehousing unit is excellently connected with major transportation modes due to which our logistics experts provide on-time delivery of the consignments. Moreover, our packaging experts make use of qualitative packaging to pack the products and ensure their safety during transportation. With all this, today, we have mustered numerous loyal clients across the market.
