About Us

SD Engineering Works is a prestigious company in the domain. With name and fame, we have grown to become one of the market leaders in the domain of selling roofing products and structures of high quality. We manufacture Industrial Structures, PUF Panel Office Partitions, Mild Steel Pressure Vessels, PUF Panels, Double Storey Prefabricated Cabins, Prefab Container Houses, and Pre-Engineered Steel Buildings.

Our commitment to superior craftsmanship and innovative engineering has made us a trusted partner for industries requiring reliable, durable, and efficient construction and structural solutions. At SD Engineering Works, we make sure that our products meet the highest industry standards and cater to various operational needs. We are earning reputation and setting benchmarks in the markets for roofing products and structures by working under the guidance of our mentor, Mr. Dinesh Kumar. His business insight, trade decisions, and rich understanding of the market dynamics make us set benchmarks in the industry.
