About Us

We, **Durga Industries**, are a quality producing business entity that invests on advanced technology based machines for bringing forth **Paper Tube Top Layer Machines, Fibre Drum Lock Ring Forming Machines, Paper Tube Spiral Winder Machines, etc.** Innovation as a strong business tool is applied in different business spheres from production to quality examination at our end so as to serve customers nothing below the best-in-class products.

Our existence as a **manufacturer** and **exporter** is widely acclaimed for quality work. Whether it is manufacturing machines of different capacities or spreading network in overseas markets, we give 100% to almost every business operation so as to come across as an ideal business unit. We indulge in heavy market researches in order to well-understand exact needs of our buyers. These researches help us increase the size of our product portfolio with some more quality inspired products.

Safe delivery is one of the leading traits of our company. We are glad to announce of our partnership with some highly reputed transportation agencies. These agencies make remarkable use of their shipment network to serve orders in a limited time period to customers. Our company ethically deals with all clients and respects their opinions. This clarity in business operations increases customers level of trust on our company.

It is not a hidden truth that high quality is the most sought after trait while buying a product. Knowing this truth, our company indulges in a quality based production activity. We employ advanced quality tools and machines in the development of our range so as to provide right value to clients against their invested money. Before the process of shipment, rigorous quality check is done on Paper Tube Spiral Winder Machines, Paper Tube Top Layer Machines, etc. This assists our company to proudly serve the best quality product line in national and international markets.
