About Us

Compressors provide useful and powerful supply to the machines for transforming power into energy. Therefore, any business that uses machines requires a compressor for their efficient performance. Considering the increasing demands of compressors in the market, New Technology Refrigeration stepped up as a manufacturer and supplier of an ample gamut of compressors. With time, we gradually expanded our business and currently work as an exporter of compressors, as well. The compressors we deal in are either in-house manufactured or sourced from other reliable vendors. Thus, ensuring we provide our clients compressors of all kinds and brands under one roof. From Highly Rotary Compressor to Sanyo Compressor, Copeland Scroll Compressor to Danfoss Compressor and Hitachi Compressor to Daikin Refrigeration Compressor, we offer the best of every compressor that one can ever think of. Our prompt delivery process is one of the reasons for which we have gained the ability to not only supply within the boundaries of our nation but export our compressors Internationally, specially in the markets of Dubai.

As named, New Technology Refrigeration, since the beginning has made its mission to employ the resources of advanced technology, thereby running its business with great efficacy. However, this is not the sole reason for which we have become a renowned name to offer only the best range of Highly Rotary Compressor, Daikin Refrigeration Compressor, Hitachi Compressor, Scroll Compressor, etc. Our ability to maintain our cordial business relations with our vendors and customers is one of many other reasons enabling us to climb ladders of success. Moreover, our widespread network beginning from our facility in Delhi, India aids us with timely and smooth order delivery.
