About Us

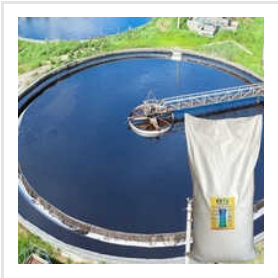

Olly Chemindia Pvt Ltd (OPC) serves a wide range of industries, the main ones being the food and beverage, dairy, iron and steel, hospital, water, paper, pharmaceutical, power, textile, and agricultural sectors, by providing quality-assured chemicals. We are listed among the leading manufacturers, suppliers, exporters, and wholesalers of a variety of chemicals. Our product range includes Polyelectrolyte Powder Anionic, Antifoam Defoamer Agent, Liquid Boiler Descalant, Silver Hydrogen Peroxide Disinfectant, Propylene Glycol Food Grade, and more. We create these items based on the requirements of high-tech businesses while adhering to numerous internationally accepted standards. Ensuring the high quality of our products is our only priority. Strict guidelines have been implemented to ensure that our products meet the highest quality requirements.

Our extensive infrastructure consists of three manufacturing facilities: a procurement division, R&D, quality testing facilities, packaging, and warehousing. The highest calibre of services, goods, and client happiness with business relationships are our only priorities, and we do our best to achieve them.

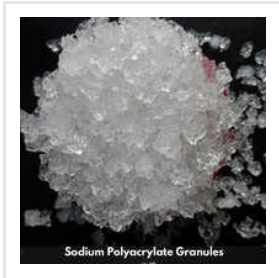

Key Facts

No of Staff	15
Year of Establishment	2011
OEM Service Provided	No

Our Products

EDTA Tetrasodium Salt

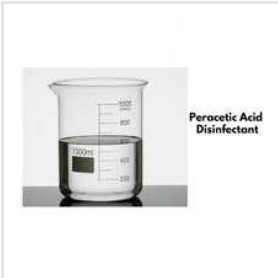

Sodium Polyacrylate Granules

Polyelectrolyte Powder Anionic

RO Cleaning Chemical

Peracetic Acid Disinfectant

Liquid Silicon Defoamer

High Ph RO Membrane Cleaner

Silicone Defoaming Agent

2.45% Glutaraldehyde Solution

RO Membrane Disinfectant Biocides

Liquid RO Antiscalant Chemical

Antifoam Defoamer Agent

Silicone Oil Fluid

Poly Aluminium Chloride Liquid

Edta Tetrasodium Salt Liquid

Super Threshold Ro Antiscalant
