

Industrial Auto Withering Machine

Brand: Balwant And Didar Engineers India Private Limited

Country of Origin: India

Product Code: 01

The Industrial Auto Withering Machine is designed for efficient industrial processing with semi-automatic operation and stainless steel construction. The machine ensures durability, stable performance, and high productivity for industrial applications.

Specification	Details
Material	Stainless Steel
Automatic Grade	Semi-Automatic
Voltage	200 Volt (v)
Warranty	1 Year
Supply Ability	50 Per Month
Delivery Time	4-5 Weeks
Minimum Order Quantity	1 Unit
Price	INR 1,00,00,000 per Unit
Country of Origin	India

Extra Product Specifications:

- Heavy-duty industrial design

- Energy efficient operation
- Low maintenance structure
- High operational stability
- Durable long-life performance

Suggested Keywords: Industrial Automation Machine, Automatic Processing Machine, Industrial Machine Tools, Automatic Industrial Equipment, Semi Automatic Industrial Machine
