DRIVEN BY A PASSION TO DELIVER THE BEST

68988-92-1 Wright_s Staining Solution, 70_ Manganese Dioxide, 7439-95-4 Magnesium Ribbon 25gm Roll, 7440-50-8 Copper Fine Powder, 7440-50-8 Extra Pure Copper Foil, 80_ Manganese Dioxide, 9000-30-03 Food Grade Guar Gum Powder, 95_ Sodium Persulphate, 96_ Light Magnesium Oxide, 97_ Extra Pure Cupric Oxide Powder, 97_ Nickel Chloride Hexahydrate, 98.5_ Mercuric Acetate, 98_ Heavy Magnesium Oxide, 98_ Manganese (II) Sulphate Monohydrate, 98_ Nickel Chloride Hexahydrate, etc.

ALUMINIUM OXIDE

ANTIMONY TRI CHLORIDE

FERROUS PHOSPHATE

About Us

Chemicals hold a high significance in many industries. And are always in huge demand. Therefore, looking at the ever-increasing demands, we, Zama Chemical, decided to enter the market with a cost-effective range of chemicals. Our product portfolio includes Magnesium Ribbons, Aluminium Oxides, Metal Granules, Immersion Oils, and more products. Being engaged as a manufacturer, supplier, and exporter, our foremost goal is to make our products reach a wide audience. And we achieve the same, with the support of our proficient professionals and esteemed customers. Our professionals carry out the whole manufacturing process, efficiently, delivering a range that is worthy of each penny spent on it. Whereas, our customers appreciate our products, recommend us to others, and initiate positive word of mouth for us.

Over a decade of ruling the market by offering a wide range of high-quality Immersion Oils, Metal Granules, Aluminium Oxides, Magnesium Ribbons, and more products, we, Zama Chemical are one of the top manufacturing and supplying companies. Our products are greatly demanded by people living in diverse locations. Hence, we meet the demands by exporting the products and are also well-known as an exporting company. Our products are manufactured using the finest-grade raw materials sourced from trusted vendors. Right from the procurement process to the composing, processing, formulation, and packaging of the products, every stage is handled, effectively by our proficient professionals. These professionals are competent enough to make products that have longer shelf lives and are widely chosen.

Key Facts

No of Staff	10
Year of Establishment	2000
OEM Service Provided	No

Our Products

Lead Sub Acetate

Ammonium Oxalate Powder

Bismuth Carbonate Powder

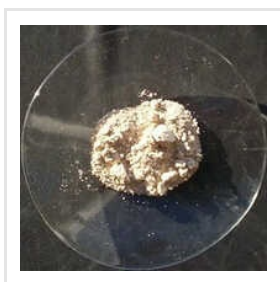

Cadmium Nitrate Powder

Cobalt Black Oxide

Cupric Sulphate Powder

Cuprous Iodide

Sodium Chloride AR

Sodium Stearate Powder

Sodium Alginate Powder

Orange Methyl Powder

Locust Bean Gum

Mercuric Chloride Powder

Nickel Nitrate

Potassium Formate

Silver Iodide

ADDRESS

11th Floor, A2 1102, Plot No. 19,
Stellar Mension, Kidwai Nagar,
Wadala, Mumbai, Maharashtra,
India (400031).
