About Us

King Fish Products Private Limited is a hub for buying a variety of fish meals and sea food products. We are based on the coastline of Veraval, which is the biggest fish landing port of Asia. As a manufacturer, we are famous for offering high quality Fish Meals such as Steam Sterilized Fish Meal, Dehydrated Squid Meal, Squid Meal Dehydrated Powder, and more. Customers also contact us for buying King Prawn Black Tiger, Rock Lobster, White Pomfret Fish, Frozen Pangusius Fish Fillet, Alaska Pollock Fish Fillet, and many other sea foods. At our company, we are aware of the peak fishing season in the west coast of India, it lasts for about 9 months in a year (August to May). We are proud of being the largest supplier of sundry & steamed sterilized fishmeal, dehydrated squid meal and fish oil in European & Asian countries. These products are high on nutritional value and loaded with enriching elements.

With the support of our team, we have an annual production capacity of about 800-1000 tons of Dehydrated squid meal, around 700-900 tons of Steamed sterilized centrifuged fish oil, approx. 8000-10000 tons of sundry fish meal and about 3000-3500 tons of Steamed sterilized fish meal. From the past 26 years, we have established ourselves in the international as well as in national boundaries due to our excellent production capacity. We regularly supply our fish meals and sea foods to customers in UK, China, Europe and South East Asian Countries. With this ideology, we are impressively fulfilling the requirements of customers and gaining complete satisfaction.
