

Heavy Duty Semi-Automatic Double Die Dona Making Machine

Product Description:

Heavy duty semi-automatic double die dona making machine specially designed for efficient production of disposable paper dona and plates. Built with strong structure, smooth performance, and low maintenance for industrial and commercial applications.

Specifications:

- Machine Type: Semi-Automatic Dona Making Machine
- Operation: Double Die System
- Usage: Disposable Paper Dona Production
- Features: Heavy Duty, Durable, Easy Operation
- Application: Industrial & Commercial Use
