

# Heavy Duty Semi-Automatic Double Die Dona Making Machine

## Product Description:

Heavy duty semi-automatic double die dona making machine engineered for efficient and continuous production of disposable paper dona and plates. Designed with strong construction, reliable performance, and user-friendly operation for industrial and commercial manufacturing needs.

## Specifications:

- Machine Type: Semi-Automatic Dona Making Machine
- System: Double Die Operation
- Usage: Disposable Dona & Plate Production
- Features: Heavy Duty, Durable, Easy Maintenance
- Application: Industrial & Commercial Use
