

Industrial Semi-Automatic Double Die Dona Making Machine

Product Description:

Industrial semi-automatic double die dona making machine designed for efficient production of disposable paper dona and plates. Strong construction, smooth performance, low maintenance, and easy operation make it ideal for industrial and commercial manufacturing applications.

Specifications:

- Machine Type: Semi-Automatic Dona Making Machine
- System: Double Die Operation
- Usage: Disposable Paper Dona & Plate Production
- Features: Durable, Heavy Duty, Easy Maintenance
- Application: Industrial & Commercial Use
