About Us

Empire Earthing Power introduces itself as an One Stop For Every Earthing Equipment requirement. We are one of the largest manufacturers of several types of Earthing Equipment including the Copper Bonded Earthing Electrode, Copper Bonded Rods, Solid Copper Bounded Lightning Arrester, Ese Lightning Arresters, Electric Gi Earthing Electrode, Copper Chemical Earthing Electrode, and Copper Earthing Plate. Our earthing products are extensively used in various buildings to protect premises and individuals from electric shocks. They function by providing a protective conductor for a flow to earth, which further causes the protective device to switch off the electric current.

In addition, we also provide earthing power 24/7 solutions to make every premise secure and current free. We enjoy a prominent position among the leading supplier of Earthing Equipment in various cities including Delhi, Noida, and many others. We have built our reputation for exceptional quality products and market leading prices.
