

DEVISH

Ingredients Pvt. Ltd.

**Innovative Products & Advanced Technical Solutions
Provider For The Distilleries - (Ethanol Industry)**

*"Boost Your Efficiency & Sustainability,
It's Good For The Planet"*

Innovative Products in Brief

ACTIVE DRY YEAST - ANGEL ACTIVE DRY YEAST

The product is made of specially selected high-quality alcohol yeast strains with compound nutrient agents, and is applicable to the ethanol production that adopts molasses, sugar cane juice, beet juice, sweet sorghum, and other saccharine materials.

FERMENTATION ENZYMES & FORMULATED PRODUCTS BOOSTER & CONTAMINATION CONTROL

- | | |
|---------------------------|--|
| FERMBOOST E | : A Specific Combination of Enzymes That Efficiently Improves yield & Reduces Contamination. |
| FERMSAFE R & L | : Lysing Activity & Yeast Strengthening (CWR-Recycle of Process Condensate & Lees) |
| MOLFRESH E | : Enzymes Designed for its Application on Molasses in the Storage Tanks. |
| NUTRIFEED E | : Enzyme Complex for Yeast Nourishment - (Urea & Dap Replacment) |
| LACTROMASS | : Concentrated Antibacterial for The Contamination Control |
| FENCEOFF DEFOAMER | : Surface Tension Reducer & Foam Controller |
| FLEXI JUICE B | : A specific combination of thermostable enzymes that efficiently reduces the Dextran & viscosity in mix juice & syrup streams (Alpha amylase and Dextranase blend for syrup processing. |

Build your business with trust !!

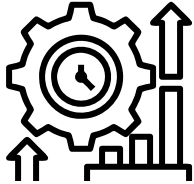

Advanced Technical Solution & Services

Process Audits :

Work On Operational Needs -

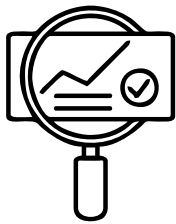

- Water, energy & power conservation.
- Wash alcohol enhancement up to 15%v/v
- After sales services and technical support

More Throughput & Fencing Audits:

Work On Precautionary Actions & Efficiency Improvements In Existing Setup -

- Faster reaction, Losses control, process checks etc.
- Onsite Process and Product Optimization Support

Transfer Technology Audits:

- Audit all factory process to **match with an upgraded designs** to achieve excess capacity.

Laboratory Set Up Audit :

The laboratory is the mirror of the process -

- Audit existing set up and work on improved Laboratory concepts.
- Support to get NABL accreditation for analytical laboratory

AI Services:

Online technical support & services -

- Online Monitoring system for the critical parameters.
- Data Mining and troubleshooting

Skill Developments - AI Services :

Trainings & Knowledge Transfer For The Process Team -

- Skill development presentations as per operation floor requirements & higher management suggestions.

Environmental Consultancy Services

- Environmental Licensing, Renewal & It's Solution

“Third eye helps to achieve more throughput & efficiency improvements”

WHY DEVISH

One Stop Shop With High Class Products

Expert Technical Back Up

Innovative

More Throughput With Best Strategies

Enhance Performance

Cost Effective Solutions

Responsive

Work As An Industry Partner

Steadily Growing & Trusted

Reliable & Agile at Workplace
