About Us

Headquartered at a prime location in Greater Noida (Uttar Pradesh, India), our proprietorship firm, Sekai Machineries, owned by Mr. Ajmal Shabir, is thriving as a reputed manufacturer, supplier, and importer in the industry. We deal in a wide range of Diamond Saw Blades, Grinding Discs, Apple Top Cutters, Cutting Wheels, and more. Each product is developed as per the latest customer requirements and market trends, using the finest quality raw materials. The products prove to be cost-worthy. Customers from faraway locations entrust us as a suitable provider of the aforementioned products.

Quality and price are the two distinguishing factors of our products. Because we manufacture the products at our in-house robust production unit under the effective supervision of our industry experts, they exhibit the highest standards of quality. Furthermore, as we strive to streamline our business operation, we are able to cut additional costs and offer the products at affordable rates.

Following stringent quality policies, we ensure the delivery of a product range that is quality-assured and in compliance with the predefined industry standards. Hence, we are the best in quality in the market.
