## About Us

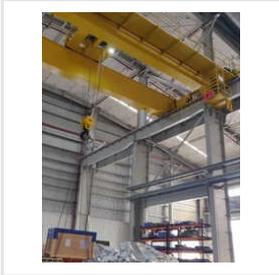

Established in 2000, N.R. ENTERPRISES is a notable Manufacturer, Exporter, Service Provider, and Supplier of advanced weighing and force measurement solutions, based in Pune, Maharashtra, India. With over two decades of industry experience, we have built a strong reputation for delivering reliable, accurate, and durable products that meet the evolving requirements of industrial automation, material handling, crane safety, and process control applications.

At N.R. ENTERPRISES, we specialize in a wide range of precision-engineered products such as Load Cells and Torque Sensors, designed to deliver consistent performance even under demanding operating conditions. Our solutions are widely used in industries where safety, accuracy, and efficiency are critical. We also offer advanced Crane Weighing and Overload Protection Systems, helping clients enhance operational safety, prevent overload incidents, and ensure compliance with safety standards in lifting operations.
