## WOOD GRAIN SUBLIMATION MACHINE (for Aluminum section and steel doors etc)

### ABOUT US

Dipole, formed in 80's by our founders with two employees & a vision to offer the best powder coating Guns to coat any surface, has now successfully evolved into the brand, offering complete Surface Finishing Solutions for any industry and any surface. Continuous research and development at our end and our passion to Beat our Best motivates us to improve our products and services.

We offer the best in class technologies in Surface Coating Systems in Liquid Painting, Powder Coating, Chemical Coating, Electro – Deposition and much more which are completely Safe, Superior & Eco friendly. We're focused on providing end to end solution like Manual, Automatic and Robotic applicators, Paint circulation systems, Water treatment and Effluent treatment plants etc.

### QUALITY

Dipole is an ISO certified company and is known for being a responsible manufacturer and Supplier of Surface Finishing Solutions. We never compromise on our quality, and abide by the rules and regulations laid out time to time by the Government.

### OUR PROMISE

To deliver optimistic and diverse solutions in Surface Finishing keeping our customers interest foremost.

### OUR VALUES

Dipole operates on Imagination, Individuality, Inclusivity, and Impact

### OUR MISSION

To be your first choice, in providing the desired Surface Finishing Solutions. Think Surface Coating. Think Dipole.

### OUR VISION

At Dipole, we turn Impossible into I M Possible. We dream it. We do it – Together – every day reinventing and challenging our own self.
