SEMI AUTOMATIC LINE

The electronically charged flock particles fall from the flock agitator and stick vertically erect on the glued surface which results in beautiful velvet finished surface. The excess flock particles are attracted back into the flock agitator and hence a neat and clean result is obtained. Our range includes,

- **Manual Systems**
- **Automatic line - Customized**

Why Wonder Flock:

- We provide quality & high performance products, excellent Customer Service and technical support. Our clients vary from large companies, professionals to home crafters.
- Large collection of in-stock rayon and nylon fibres and flocking supplies
- Blend custom colors and cut fibres to customized needs.

What can be flocked:

Wonder Flock is suitable for flocking on garments, uneven objects, PVC, automobile rubber channels, thermocol, toys, pencils, jewellery boxes, cloth hangers, shoes etc

DIPOLE WOOD GRAIN SUBLIMATION

So real you can't tell the difference.....

Dipole offers wood finish powder coating process on metal, giving the strength and durability of metal and the aesthetics of wood.

It provides a tough, anti-corrosive finish that protects and decorates many buildings and structural components.

Advantages of Wood Finish Powder coatings:

- Environmental friendly

- Cost Effective

- Easy To Maintain

- Extremely Tough And Durable

- Doesn't split, twist or rot out

- Safeguards from termites, insects or birds.

WOOD GRAIN SUBLIMATION MACHINE (for Aluminum section and steel doors etc)

Metal is given the wood finish through Sublimation Process. The sublimation process can apply almost any pattern onto a base coat of powder coating, transforming the appearance of the object.

Application:

Used on windows, doors, screens, shutters, louvres and even outdoor furniture, fan, industries, home appliances etc.

Roll Cutting Machine

Bagging/ Ultra Sonic Sealing Machine

Heat Press Sublimation Machine

- Suited perfectly for all residential and commercial applications.
- Designed to give an attractive finish over the long term, suit every climate and building type.
- Offers the complete solution- tough, durable, easy to apply and environmental friendly.
