About Us

We, Hi-Tech Cable Industries, started our business with the aim of providing the best products that last longer and are available at reasonable rates. We laid the foundation stone of the company decades ago in the year of 1990, and have emerged as a prominent manufacturer and supplier of the products like Electric Cable, Flexible Cable, Winding Wires, Multi-Strand Cable, and many more. We started our own unit of copper drawing unit to procure purest form of copper and utilize them in the production process of our offerings. We have stringent rules of quality checking process and are also certified by the Bureau of Indian Standards and NSIC-CRISIL. Our quality team closely checks the products for pre-set parameters of chemical, mechanical and electrical analysis. We believe in keeping up with technology, we are equipped with high tech machinery and gadgets to accomplish the task at hand. Under the leadership of Mr. B.I. Sharma, we are successfully meeting customer expectations in all the business deals and will continuously work hard to attain hold the same impressive records.

With the experience of decades in the industry, our company named Hi-Tech Cable Industries, has become a leading manufacturer and supplier of the wide array of products like Electric Cable, Flexible Cable, Winding Wires, Multi-Strand Cable, etc. Our company was founded in the year 1990 and are located in Jaipur, Rajasthan and have attracted a several number of customers towards us on the basis of excellence. Our products are well designed and have a longer service life, due to which our establishment has become one of the most preferable place for the customers to have business deals. Our company is growing at a rapid pace and on daily basis more and more customers are showing their interest to have business deals with us.
