## About Us

We, Aashi International, are established in the marketplace as a reliable manufacturer and supplier, offering various kinds of tiles. We work on our core objective to deliver a complete solution for making the correct selection of tiles. We continuously track the ongoing advancements in the market and upgrade ourselves accordingly to deliver the best products to our customers. Our range of Double Charged Vitrified Tiles, Digital Printed Parking Tiles, Glossy Wall Tiles, Bathroom Wall Tiles, and more is highly appreciated by our wide customer base, which is spread across the whole nation. They admire our products for their cost-efficiency, eye-catching designs, perfect dimensions, great color schemes, and high durability. However, we control the quality of our products by following a strict quality control program.

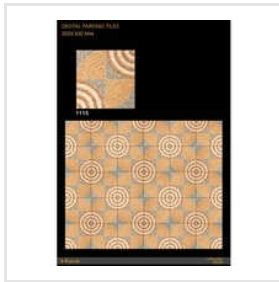

We have all the facilities inside our hi-tech premises to manufacture all the offered products to complete perfection. To excel in our domain, we have constituted a team of experienced, dedicated, and qualified professionals who handle their tasks with perfection and within the required time. These professionals are regularly trained to update themselves on the current know-how of the industry. This makes them fully capable of meeting the requirements of customers. Moreover, our ethical business practices and focus on the quality of services have made us the most trusted partner in the marketplace.
