About Us

Pheonix Precision Tube LLP is a new company that, right after its inception in 2021, has gained fame because of its quality products, customer-oriented policies, and fair trade practices. We function as a manufacturer and put in our best efforts to develop the finest range of Precision Tubes, Milk Chilling Plant Non-Lockable Gas Spring, Bus Luggage Box Non-Lockable Gas Spring, Bus Seat Lockable Gas Spring, Die Fixture Lockable Gas Spring, and many other products. Each of our product pieces reflects our true commitment to the quality and satisfaction of our customers. Our products are given to customers when they successfully pass the strict quality tests. The availability of our products in many designs, sizes, and specifications allows us to serve a huge clientele and fulfill their requirements. Furthermore, we delight customers with our fair trade dealings and honesty in our business practices.

We, Pheonix Precision Tube LLP, are passionate about our work. We are engaged in manufacturing and supplying high-quality Precision Tubes, Milk Chilling Plant Non-Lockable Gas Spring, Bus Luggage Box Non-Lockable Gas Spring, Die Fixture Lockable Gas Spring, Bus Seat Lockable Gas Spring, etc. These are manufactured with perfection by our sharp team, which comprises experts from diverse fields and backgrounds. Our products are praised and widely demanded for their high durability, robust construction, availability in many specifications, and many other features. We run our trade tasks from our Shirur, Maharashtra, India-based setup, which connects us with major cities and states. The location offers us advantages in timely procuring raw materials and delivering orders to customers.
