CASSETTE AIR CONDITIONER

About Us

2008 was the year when our company titled, Star Airconditioning was established in Pune. We began our business voyage by providing room air conditioners to our valued customers present in local markets of our city. Gradually growing, we have expanded our product range and also diversified our business operations from being a sole manufacturer and supplier of Split Air Conditioner, Condenser Water Piping System, Cooling Tower, Process Cooling Chiller, Spiral Air Duct System, etc., to be a service provider of Industrial Ductable Installation Service, Outdoor Ductable Installation Service and Pump Installation Service, as well. The amalgamation of strong values and sheer dedication aids us in rendering our reliable and sincere services, thereby leading to cement the trust of our clients in us. Having experienced the quality of services we offer, our customers always trust us for availing HVAC & R solutions. Therefore, we proudly claim that we are invariably their preferred choice.

With a vision to make our mark in the industry, we, Star Airconditioning have set up our footprint not only across Pune but Nagpur and other Indian locations, too. Today, we are all about creating great values for our esteemed clients through our exceptional products and customer experience.
