About Us

In recent times, India's packaging, transportation, infrastructure, petrochemical, and other industries have demonstrated a robust growth trajectory, which is anticipated to persist throughout this decade. High performance elastomeric materials are becoming more and more necessary for these industries, and in order to keep up with this demand, buyers are seeking for items that can provide high-quality solutions at a lower cost to support the expansion of their businesses. We, Polmann India Limited, the sister concern of The Bhimrajka Group, which has established itself as a market leader in the respective domain.

We are a manufacturer and supplier of Antistatic Masterbatch, Antioxidant Masterbatch, UV Masterbatch, Slip Masterbatch, etc. We have become leaders in the rubber and plastic industries thanks to our extensive pan-Indian marketing organization and years of industry experience. We are considered crucial partners by some of the worlds largest corporations, who choose us to help them meet the demands of the Indian market. Our long lasting relationships with clients are a key component of our company strengths. The technical support and services we offer to our clients through the development of an expert internal technical team are intrinsically related to these bonds.
