About Us

B S Engineering Designs is a reputable name in the industry, setting benchmarks in the industry. We are known as reliable manufacturers and suppliers in the market, catering to the demands of customers for perfectly engineered prefabricated structures. The products we offer include Pre Engineered Building Structures, Prefabricated Buildings, Mild Steel Prefabricated Parking Sheds, Pipe Structures, and others. All our products are noted for their exceptional sturdiness, aesthetic appeal, great resistance to harsh climatic conditions, and high durability. Each product is made as per the specifications laid out by a large clientele.

Thus, the products comply with the latest customer requirements and industrial norms as well. Furthermore, we also serve the business role of a service provider and render prompt Factory Sheds Fabrication Services, Industrial Structure Design Services, and others at affordable prices. Our services are reliable and pulled off by competent professionals.
