About Us

Established in 2019, Dymaxia Engineering has emerged as a dependable name in the field of industrial machinery and engineering equipment solutions. As a trusted trader and supplier, the company is engaged in offering a wide range of advanced machinery including Plastic Injection Molding Machines, Toshiba Injection Molding Machines, Lathe Machines, Hot and Cold Chamber Die Casting Machines, Drilling Tapping Centers, and many more industrial products. With a strong commitment to quality and customer satisfaction, we continuously strive to meet the evolving requirements of modern manufacturing industries.

At Dymaxia Engineering, we understand the importance of precision, productivity, and reliability in industrial operations. Therefore, we source our machinery from reputed manufacturers known for their technological excellence and durable engineering standards. Our products are widely appreciated for their efficient performance, robust construction, low maintenance, and long operational life. By offering technologically advanced machinery solutions, we help industries improve operational efficiency and production capabilities.

Our organization operates with a customer-centric approach where every client requirement is handled with professionalism and attention to detail. We focus on building long-term business relationships through transparent dealings, ethical business policies, and dependable support services. Our experienced professionals possess strong technical knowledge and industry expertise, enabling us to guide customers in selecting the most suitable machinery according to their operational needs and budgets.

Key Facts

No of Staff	12
Year of Establishment	2019
OEM Service Provided	No

Our Products

Due Coat Pressure Feed Container

Hot And Cold Chamber Die Casting Machine

Cold Chamber Die Casting Machine

Hydraulic Trimming Presses

Aluminium Iron Retrofitting Die Casting

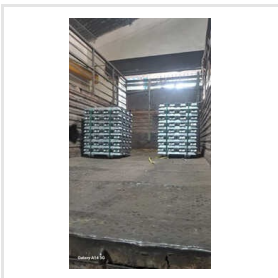

CNC Double Column Machining Centers

CNC Drilling Tapping Center

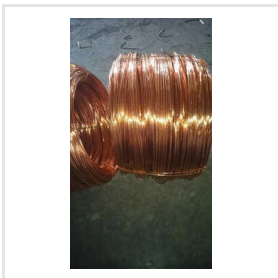

VM2 1200x600 Vertical Machine Center

Ts Aluminums Ingot

Industrial Horizontal Machining Centers

Melbery Copper Scrap

180 Ton Pressure Die Casting Machine

ADDRESS

Plot No. – 83, Dnyaneshwar
Nagar, Chhatrapati
Sambhajinagar, Maharashtra,
India (431001).
