About Us

At Rolex Engineers, we have been monitoring the requirement for various types of screws, shafts, rods, studs and other products and addressing them with our unique products. Ever since our business was established in the year 1997, we have been a well-reputed manufacturer and supplier of the greatest selection of products. Special Threading Shaft, Heavy Duty Gate Valve Screw, Variable Pitch Threading, Fine Finish Lead Screw With Nut, Stainless Steel Gate Valve Stems, Machine Screw Nuts, and many other products are included in our vast collection. Our highly knowledgeable and skillful team makes certain that every product delivered to customers is of premium quality. In addition, for the advantage of the customers, we have always focused on keeping the pricing of our products economical.

If a business has to be successful in the long run, it has to differentiate itself from its competitors. Similarly, the uniqueness of our company, Rolex Engineers is evident in our extensive selection of products we offer to our valued customers. All of our products, including Rolex And Printer Leadscrew, Gear Worm Shaft, Hospital Bed Handles Screw, Two Start Threading Shaft, Industrial Gate Valve Stem, Acme Threaded Screw, etc., are guaranteed to meet the highest quality standards. To get the raw materials required for product development, we have teamed up with some of the most reputable market vendors. From our facility which is based in the city of Pune, Maharashtra, India, the products are promptly delivered to the clients.
