About Us

Accurate Power Tech India Pvt. Ltd. was founded in the year 2010, working as an authorized dealer of the prestigious Kirloskar Oil Engine Ltd. (KOEL) supplying its Generator Sets in the districts of Pune, Ahmednagar and Satara. Our trusted company has achieved The Best Performance Award for five years since 2006 from the reputed KOEL. Our organization aims at attaining 100% customer satisfaction and has more than 10,000 satisfied clients across the country along with 70% plus business from the repeated customers. The database of the clients is well-maintained by the professionals with the help of appropriate Oracle based CRM database management system to assure timely delivery, on-time service & warranty.

The trusted name we have gained over the years helps us in securing a position of wholesaler and supplier of Air Cooled Diesel Engine Gensets, Portable Generators, Silent Generator, Diesel Power Generator, Power Distribution Panel and many more. As a customer-oriented service provider, the clients can avail DG Sets Hiring Services from our firm. We are working closely with our employees and external partners because securing the future of the company in a competitive & global environment; is our prime responsibility. Our organization is delivering innovation and breakthroughs that are driving growth for the businesses as well as the market. Serving customers round the clock, we have become the first choice for DG Sets Rental/Leasing from 5Kva to 1250kVA. Our business is immensely growing with our sister concern, Accurate Solar Power.
