About Us

The popularity of a metal product manufacturing company is mostly affected by the quality of its goods and the industry experience it possesses. Fortunately, our company, Raj Wire Netting Stores, has been presenting high quality metal-based goods and has gradually grown to be recognized by multiple market clients. Since our inception in the year 1977, we have evolved to become a prominent manufacturer and supplier of a wide range of metal items. Our product line, which includes Construction Stainless Steel Wire Mesh, Galvanized Iron Welded Wire Mesh, Aluminium Expanded Wire Mesh, Mild Steel Welded Wire Mesh, Galvanized Iron Wire Netting, Square Perforated Sheet, and many more, is made using high-quality raw materials. Furthermore, we ensure that all of our interactions with clients are totally ethical and transparent.

We Raj Wire Netting Stores, have been in business for a long time and all this while we have consistently offered the highest quality metal-based goods to all of our customers. We begin by carefully studying the needs of customers and then work our way up to offering them the most useful solutions. We have successfully increased our customer base by regularly providing high-quality products such as Stainless Steel Crimped Wire Mesh, Galvanized Iron Expanded Mesh, Woven Brass Wire Mesh, Industrial Perforated Sheet, Aluminium Expanded Mesh Roll, Stainless Steel Wire Netting, and many more. In addition, we precisely execute the production process in our facility, which is located in the city of Kolkata, West Bengal, India.
