

Customized T Shirt Printing

Personalized printed T shirts for festivals, parties, events, gifting, teams and promotional use.

Product Description

Customized T Shirt Printing is a practical and stylish way to create personalized apparel with your own artwork, text, logo, name, photo or event design. The featured white round neck T shirt carries a colorful festival themed print and is suitable for men, women and kids. Customers can select their preferred design, size and print placement according to the order requirement.

The printed design can be prepared for front printing, back printing or selected areas of the garment. It is suitable for individual orders as well as bulk requirements for family functions, school programs, corporate events, college activities, promotional campaigns and celebrations.
