About Us

We, Ravi Bio Impex, are making our mark in the Indian medical sector through our visionary, progressive and customer centric work approaches. Under the guidance of our experienced mentor, Mr. P. Ravichandra Kumar, we are serving responsibly as a trader and retailer of an extensive range of biomedical equipment and accessories. We are dedicated to provide finest solutions to the customers who seek the most advantageous deals for latest products available in the marketplace. Our product portfolio contains X-Ray Machine, Pulse Oximeter, ECG Machine, OT Light, Laboratory Equipment, Anaesthesia Machine, Ventilator Machine and more items. From the most trusted vendors in the industry, we procure and supply these high functioning, easily operable and cost-saving products to our customers.

By keeping ourselves ready for meeting any specific, urgent or bulk requirement of the customers, we are maintaining our strong presence in the marketplace. Our primary target always remains to win the trust of our prestigious customers and maintain it for an everlasting time. So far, we have executed over 1500 onsite Installation of different models of X-Ray Machines.
