About Us

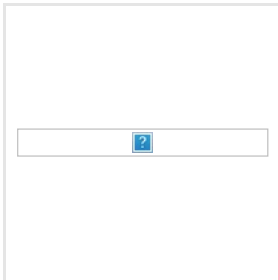

Products like Turbozinc Brightner, Steel Spring Washer, Rubber Spring Washer, Industrial Spring Washer, Trampoline Springs, Metal Spring, and more, plays a critical role in machines. That goes on to increase the productivity and efficiency of any workplace. Therefore, the requirements of these items are always high. To cater to the same, our company, DM Engineering and Chemicals, was founded. We are on the way to become the leading manufacturer and supplier of these items in the country.

Our products are made from the best quality and tested raw materials, which makes them durable and efficient. The needed raw materials are sourced from the most trusted vendors in the market. These people are chosen by our expert professionals after a lot of market research that is based on certain parameters. The factors that we consider while choosing these vendors include their capacity to fulfill bulk requirements of clients, the cost and quality of the products, their way of handling business with other clients, and more. We instill the same qualities in our business strategies, which ensures that anyone who associates with us is happy and satisfied.
