About Us

Nitin Engineers is a prominent name for various types of coils. We have been into the manufacturing business of a comprehensive array of Pneumatic and Hydraulic type Coils in multiple specifications. With almost 50 years of experience in the industry, we are known as the leading manufacturer of Solenoids Valve Coils (Pneumatic), Solenoid Valve Coils (Hydraulics), DC Contactors & Magnet Coils, AC/DC Solenoids (Linear & Rotary Type) & Vibrator Coils, AC & DC Brake & Clutch Coils, etc.

Nitin Engineers has vast experience in the field that provides us comprehensive understanding of the present and emerging application requirements of our products. We manufacture Coils for AC & DC Brakes, Pneumatic Type Solenoid Coil, Hydraulic Type Solenoid Coil, Solenoids, Magnet, Contactors, Clutches, Chucks, Eddy Current Drives, High Volt Transformers in our facility in Mumbai, Maharashtra (India). Our Fields coils are used in Alternator, Generator, Traction Motors, Pole & Interpole Coils for Traction Motors, Air Core Reactors, etc. We follow a strict quality control policy while manufacturing our range and conduct various tests to ensure absolutely impeccable products to our clients. We have in-house quality control department equipped with requisite testing devices and instruments. The testing are conducted under the strict supervision of experienced quality controllers.
