About Us

At Bhadauria Natural Gas And Products Pvt Ltd, we empower businesses and communities with sustainable and efficient renewable energy solutions. Since our inception in 2016 in Lucknow, Uttar Pradesh, we have been dedicated to advancing biogas technologies that convert organic waste into clean energy. As a manufacturer, retailer, wholesaler, supplier, and comprehensive service provider, we are committed to excellence across every stage of the energy lifecycle.

Our services go beyond supplying equipment - we provide end-to-end Biogas Plant, Biogas Plant Installation Service, Biogas Plant Consultation Service, EPC Service and Engineering Service. From feasibility studies and system design to procurement and on-site commissioning, every project is managed with precision to deliver quality outcomes. We engage closely with clients to ensure alignment with operational goals and regulatory standards.
