About Us

Established in 2014, Religare Industries began its journey under the name M M Micro Industries with a vision to manufacture and supply high-quality industrial power transmission and mechanical components. Since our inception, we have been committed to delivering precision-engineered products that meet the diverse requirements of various industries. Our comprehensive product range includes all types of Universal Joints, Timing Pulleys, V Groove Pulleys, Taper Lock Pulleys, Chain Sprockets, Helical Gears, Spur Gears, Bevel Gears, Rack and Pinion Systems, Locking Devices, Couplings, Lovejoy Couplings, Muff Couplings, and many other industrial components.

With a strong emphasis on quality, innovation, and customer satisfaction, we have earned the trust and confidence of our valued clients. Their continued support has been instrumental in our growth and has inspired us to consistently improve our products and services. As our business expanded, we established Religare Industries to further strengthen our commitment to delivering world-class engineering solutions backed by reliable service and technical expertise. Equipped with modern manufacturing facilities, advanced machinery, and a team of skilled professionals, we ensure every product meets stringent quality standards and delivers superior performance. Our customer centric approach, ethical business practices, competitive pricing, and timely delivery have enabled us to build long-term relationships with clients across diverse industrial sectors, making us a trusted name in the industry.
