About Us

In the domain of industrial supplies and other products, we - M.K Enterprises has been working since 2019. Now, we have become a leading supplier, trader & wholesaler of various products such as Jig & Fixtures, Soldering Accessories, Packaging Accessories, Assembly Accessories, ESD Goods, Solder Bits, ESD Apronz Grid, Electric Screwdriver Sets, ESD Bins, Metal Fasteners, and so on. The manufacturing of this range is done in our facility based in Pune (Maharashtra). From here, we conduct all our business operations as a sole proprietorship firm. We ensure to use the highest-grade materials for the production of the products. Before delivering the orders to the customers, these products are examined on numerous criteria using contemporary testing tools under the strict supervision of quality testing specialists. This ensures that our products possess attributes like long-lasting, durability, and cost effectiveness.

Mr. Manoj Koli started the company, and since then he has been making significant contributions to achieve the new heights of success. Under his leadership, our devoted and energetic employees oversee all of our company procedures. Having extensive industry knowledge and expertise, they work hard to understand the specific requirements of the clients and provide them with the best service possible. With their support, we always strive to fulfill specific requirement of our customers and achieve their complete satisfaction.
