About Us

To cater to the growing demand for Centrifugal Blower, Cast Iron Bran Blower, Heavy Duty Bran Blower, Industrial Air Blower, and more, our company, VTL Machine Works, was founded. Within a few years, we have gained the reputation of being one of the most trustworthy manufacturers and suppliers of the above listed items. Our products are highly durable, efficient, and robustly constructed. Keeping in mind, the role these products play in a machine, we manufacture them using premium quality raw materials. These raw materials are procured from some of the most trusted vendors in the market.

The quality of our sourced raw materials is tested by our expert professionals before using them in the manufacturing of our products. What makes the offerings of our company different from those of others is not just quality but other factors like durability, finish, and design. Our products require little to no maintenance and are available for our clients at competitive market prices.
