About Us

Polyamide flexible conduits are items used to protect wires and cables. They are flexible, durable, and insulated enough so that wires and cables do not catch fire. To cater to the growing demand for the same, our company, Yogi Enterprises, was founded. We are known today as one of the leading manufacturers and suppliers of products like Nylon Polyamide Flexible Conduit Pipe, Heavy Duty Polyamide Flexible Pipe, Polyamide Flexible Conduit Pipe For Cable, Polyamide Flexible Conduit Pipe, Polyamide Conduit Glands, Polyamide Conduit Clamps, and more. These products are manufactured using premium-quality nylon and other raw materials. This allows our products to have high flexibility and self-exhausting properties. We provide these products to our clients at competitive market prices. Over the years, we have received quality certificates from many reputed organizations.

Our work culture represents the dedication we have towards our customers and work. We make sure that we fulfill the commitments we have made to our clients and strive to provide them with exceptional service. For the same reason, we constantly upgrade our technology to provide our customers with quality products. These items go through a series of quality assurance tests before being delivered to our clients. Furthermore, all this is made possible because of our team of expert professionals who work together to curate a range of quality-assured products.
