About Us

Established last year, 3PS Engineers Private Limited, is known in the market as one of the most trusted manufacturers and suppliers of machines like Brewery Processing Equipment, Micro - Pub Brewery Plant, Craft Brewery Plant, Carbonation Modules, Ratio Controlled Dosing System, and more. Our starting was humble, but we aim to expand in the global markets and be known as the leading supplier of the above mentioned products. It is said- start well, and the work is half done. Keeping that in mind, we have invested well in our infrastructure, technology, and team. Made from premium quality raw materials, our products are known to be highly durable, robustly constructed, and efficient. We provide them to our customers at competitive market prices. Over the years, we have been approached by many global companies for our expertise. We are available for our clients at all times via calls, messages, emails, and more. We resolve any queries or grievances our clients have as quickly as possible.

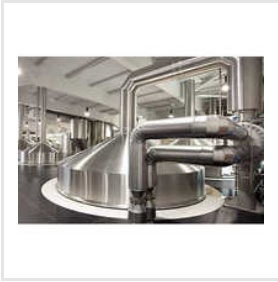

Our team comprises expert professionals who make sure that every product of ours is manufactured to perfection. We complete every consignment effectively within the stipulated time frame. Our employees are allocated to different teams based on their experience and expertise. These people have extensive knowledge of all the manufacturing processes and are well versed in their respective fields. Our strong logistical and delivery network system helps us with the timely delivery of all our project consignments.
