## About Us

Swastika Group was incorporated in 1982 as a reputed trader, supplier, and manufacturer. Our product assortment includes Stainless Steel Hot Rolled Coils, Hard Hot Rolled Coils, Plain Hot Rolled Coils, Industrial Hot Rolled Coils, Plain Cold Rolled Steel Coils, Steel Cold Rolled Coils, and more. All the raw materials are sourced from authorized vendors in the industry. During procurement, we order products that are available in various specifications to cater to the needs of our customers. Manufactured with high-quality raw materials at the end of our vendors, our products are known for smooth finishes, resistance against corrosion and abrasion, and durability.

Before procuring the materials, we examine them on the basis of various quality parameters. We have selected our vendors on the basis of research conducted by our professionals. They have studied the background, market reputation, quality checking process, and manufacturing techniques of these companies and then only go for the final decision. This helps us to develop ties with a group of respected vendors in the industry. We have grown by leaps and bounds under the leadership of our mentor. He has long working experience and praiseworthy expertise in the respective fields of our products. We offer our clients clothing products too.
