CUSTOMISED PAPER PACKAGING SOLUTIONS

ABOUT US

Sustainable Paper Packaging Solutions

With over 40 years of business legacy and more than 25 years of specialised expertise in paper cups & bowls for food and beverage industry. Manjushree Packtek (formerly Jallan PolyPack) delivers premium, high-performance packaging solutions for the evolving food and beverage industry.

Driven by advanced manufacturing, precision-led processes, and a strong focus on sustainability, we meet the highest quality standards while enabling brands to scale with confidence.

Vision • Mission • Purpose

- To create sustainable paper packaging solutions that add value to brands while caring for the planet.
- Driven by innovation and responsible manufacturing Practices.
- Committed to quality, safety, and long-term environmental stewardship.

WHY BRANDS TRUST US

Advanced Quality & Printing Infrastructure

Equipped with an in-house quality lab and multi-color flexographic printing systems to deliver precise branding, sharp graphics, and reliable product performance across every production batch.

Certified Compostable Solutions

Toxin-free, water-based and biopolymer coatings accredited by CIPET and CPCB.

Advanced Contactless Production

Automated, Korean-engineered machinery ensures hygiene, precision, and leak-proof quality.

100% Food-Grade Paper

Sourced from FSC-certified mills, including ITC, ensuring safety, sustainability, and traceability.

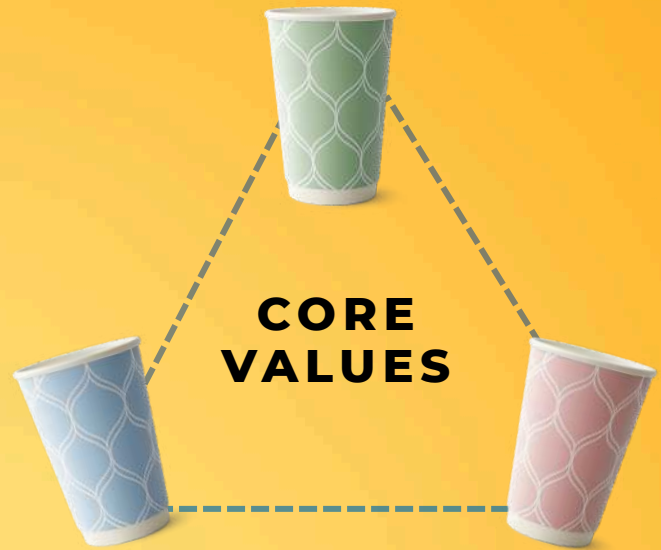

End-to-end internal control enables rapid turnaround, operational efficiency, and consistent quality output.

FSSC-Certified Manufacturing

Compliant with global food safety standards for food-contact packaging.

CUSTOMER SERVICE

Driving superior customer experiences through high-performance service execution.

INTEGRITY

Transparent in action, ethical by principle, anchored in compliance.

QUALITY

Driving customer confidence through excellence in quality and compliance.

Single Wall Cups

MANJUSHREE GROUP TODAY

In October 2018, the Kedia family divested 100% stake in Manjushree Technopack to a global PE major and consolidated its business interests in one flagship entity - Manjushree Ventures. The group also has a multi-faceted portfolio of operating businesses that strives for excellence in diverse verticals listed down below.

A sustainable packaging solutions provider with a range of customized paper cups and bowls, formed with the acquisition of Jallan Polypack India Pvt. Ltd., a paper container manufacturer in 2022.

The World's first Smart manufacturing line to produce high-performance nonwoven fabrics with German and Italian technologies.

A \$ 25-million fund investing in early start-ups with focus on Climatech, Fintech and more.

Warehousing and Office Spaces, Real Estate Vertical focused on leasing and long term rentals.
